The Birkedal Family

We're the Birkedal family! Andreas is from Norway, and came to St. Louis as an exchange student at the seminary in 2012-2013. After meeting Ellen at church, they got married the following summer. Andreas now works as a software engineer for Enterprise. Ellen is the Orchestra teacher for the Affton School District. Magnus (4) loves vehicles of all kinds, Henrik (2) loves animals and frequently asks to go the zoo, and Jonas (4 months) is a calm and patient baby. The brothers love each other! We also have a dog named Sophie. We enjoy hiking, traveling, bonfires/outdoor movie nights, and going on adventures. We're excited to become a part of the Resurrection family!

Mary Lou Aubrey

Why Resurrection Lutheran Church? I had grown up in a Presbyterian Church and later converted to Catholicism. For some time I had been searching for a change and decided to try Resurrection. The first visit to Resurrection made it clear to me that it was a great fit with both Pastor David and Pastor Nick, as well as the ushers, being so welcoming. They immediately made me feel like a part of the church. Hobbies: I enjoy working out regularly at the Y and enjoy walking my dog. In addition I love listening to music and spending time with friends.

Family: I have two sons, Stephen who lives in Severna Park, Maryland and Doug who lives in Augusta, Ga. In addition I have one granddaughter who is finishing her senior year of college and is majoring in music and theater.

The past 31 years my focus has been on my career in real estate.

While I grew up in University City, I moved to South County in 1973 and have been here ever since.

IT'S QCD SEASON

No, QCD isn't a virus going around. It's a smart way for seniors to make the most of their retirement accounts called a Qualified Charitable Distribution.

This "Charitable Rollover" allows seniors to gift funds to ministries or charities from their qualified retirement accounts satisfying the IRS- required distribution with a tax bill of zero. The reason it's the "season" is that many folks wait until later in the year to take this distribution in case they need these funds for a rainy day.
